School Reopening Update

Parents, I thank you for your patience during these very uncertain times. I know all of you would have wanted re-opening information weeks ago. Tonight, the Conference of Delegates meets and will finalize the re-opening plans which the Board of Control approved two weeks ago. We will send out the re-opening plans Wednesday afternoon. Back to school information will also be sent out this week. We look forward to seeing all the students and working with them this school year.

- Jon Engelbrecht

Fall Sport Status

This coming week should help clarify modifications to the upcoming fall sports season. There are many considerations still on the table and several meetings this week to work through them. What we do know is that the WIAA did delay the start to the fall season to August 17 for cross country and tennis, and to September 7 for volleyball and football.

Thank you for your patience during this unprecedented time. The priority continues to be making sure that whatever the decision, we do so with the health and safety of our athletes, coaches, families, association, and community at the forefront.

Important Athletic Pre-Season Information

All parents who have students that will be involved in sports during the upcoming school year should view the ATHLETIC PRE-SEASON INFORMATION presentation. This presentation provides general information that is important for athletic participation in general. Sport-specific information will be shared by each individual sports program.

For families who will have an athlete participating in this upcoming fall season, please complete the viewing by August 17.

Those involved in only Winter and/or Spring sports, please complete by September 1.

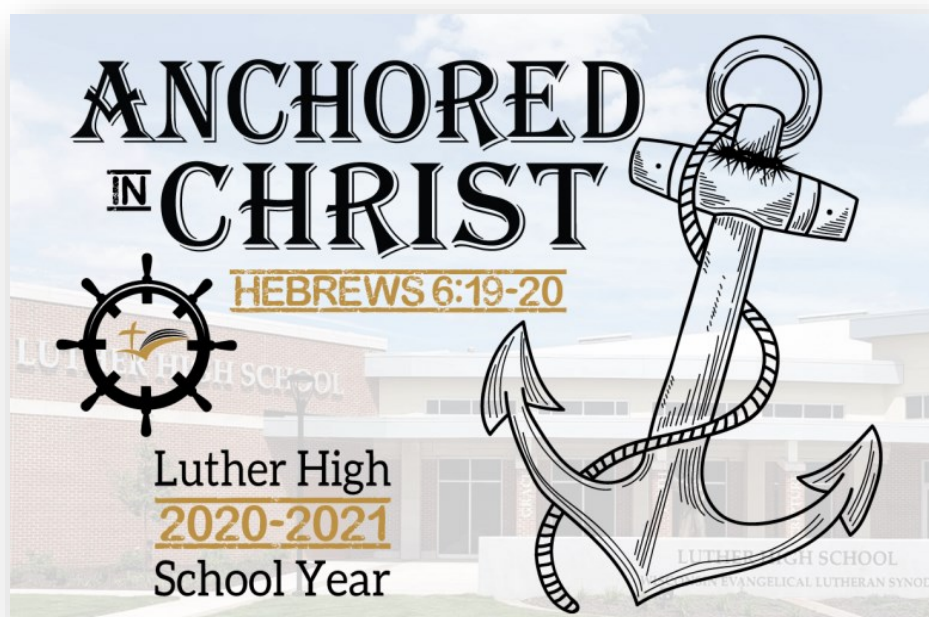

When completed, you will be asked to confirm that you have viewed the presentation. Please be sure to do that final step.
